Statement of Evidence

- 1) Path W47 in Rowington is shown on the Definitive Map as terminating at the junction of the east end of the original churchyard and the Old Warwick Road. This is incorrect and physically impossible since there is a high bank and retaining wall on this road frontage.
- 2) The true route of the path is shown on all the large scale Ordnance Survey maps, including the editions of 1887, 1906 and 1925, as passing through the churchyard and around the south side of the church to meet with path W48 a few yards east of the main gate.
- 3) This is supported by the deeds of the cottage which was bought and taken in to the churchyard in 1912 (County Record Office N5/72). The plan of 1840, with these deeds, shows the garden of the property as extending across the junction of the churchyard and the field to the east with a gate indicated in the boundary fence between the field and the churchyard on the line of the path.
- 4) This situation is confirmed by the former vicar in a signed statement taken in 1978 (RA ref. I77 - enclosed).
