**Application for a Modification Order
(Supplementary Information)**

Name: Judy Steele

Address: 37 The Greswoldes, Radford Somerle, Leamington Spa
CU31 1TP

The purpose of this form is to gain as much information about the route claimed as possible.
Please complete the following sections in as much detail as you can.

1. Please explain why you believe the Definitive Map and Statement should be modified, for example, why you believe the route should be added to the map or should be upgraded.

The Route should be added as it is a well-trodden path that has been used for many years.

It links very well with the existing footpath network through a lovely unimproved pasture giving walkers a link with nature + the countryside and its varying seasons.

It offers a pleasant route to the village post office and stops for residents of the Valley.

There is evidence of its existence on OS Maps and aerial photographs but for some reason in spite of its heavy usage (apparent on the aerial photograph enclosed) it has not been included on the definitive map.

2. Please describe the route carefully:

OK 343638 ^{FROM UK GRID REF FINDER}

i) Start point Valley Road Grid Reference SP 34385 63895

ii) End point near village pond Grid Reference 348639

By eye from 1:25,000 map

iii) Are there any gates / stiles / bridges? Please describe where (it would be helpful to mark them on a map).

No

iv) Can the route be used today?

If not:

- what prevents access along the route – please mark the locations on a map.

a notice has gone up with a fence re-directing walkers to an unmaintained field edge path + signs for nobody use of other path

- are you aware of when any obstruction occurred?

Approx

v) Are there any signs / notices on the route?

If yes:

- please mark their location on a map.

- in what year did the notices appear?

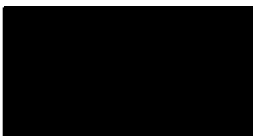

- what do they say?

I AM NOT EXACTLY SURE WHEN THEY APPEARED I THINK 15 MONTHS AGO. THEY ARE NOT ON THE PATH - THEY ARE ON A NEW PATH DESIGNATED BY THE LANDOWNER WHO BLOCKED OFF THE OLD PATH. TO THE BEST OF MY MEMORY TO BEGIN WITH HE PROHIBITED WALKING ON THE FIELD BUT THIS TACTIC WAS NOT EFFECTIVE

vi) What is the surface type of the route? It would be helpful to mark it on a map.

Trodden path - see aerial photograph
